The subject parcel is vacant land located at 486 Albany Street, South End Project. It consists of 27,934 square feet of vacant land in an M-2 Zone. It will be improved with a one-story industrial building.

The appraisers have used comparable sales of industrial land within the City of Boston to reach their opinion of value.

The sales to which they gave the most weight ranged in price from \$1.74 to \$2.70 a square foot.

Considering the size and shape of the lot, its location, its reuse, and price at which other land has sold for industrial use, this review appraiser is of the opinion the land has a value of \$2.00 a square foot or \$55,900.
